1. Vegan Nuggets: 2x3 kg / 8024

A good source of protein, these soy-based nuggets are lightly battered & seasoned, and are perfect for lunch, snacks, appetizers, sandwiches, wraps and salads. Simply heat and serve with your favorite dipping sauce! Excellent oven baked or deep fried.

2. Beefless Fry Bites: 4x1 kg / 8025

This vegan beefless bite is a great protein replacement in many beef recipes! High in protein, and ideal for stir fry, curries, and sandwiches, this versatile protein can be adapted to almost any application. A unique mushroom flavour adds dimension to your meatless dishes!

3. Vegan Sausage Crumble: 4x2 kg / 8026

Savoury sausage crumbles made with pea proteins. Ideal for a vegan pizza topping, or any application that requires a vegan sausage substitute.

4. Roasted Bites: 2x3 kg / 8027

Our roasted bites are a unique vegan offering and extremely versatile. An excellent source of protein, use in sandwiches, appetizers, in entrees and pastas. Perfect for both traditional and ethnic rice-based dishes. Fully prepared, heat and serve!

5. Beefless Crumble: 4x2 kg / 8028

A perfect pea protein substitute for ground beef applications... tacos, wraps, sauces, salads or on nachos.

6. Southwest Vegan Burger: 36x113 g / 8091

Spice it up! This vegan patty is vegetable and bean based... Grill marked and perfectly balanced with Southwest inspired flavours like Anaheim and chipotle peppers, adobo sauce and a mix of veggies, beans and rice.
